

Brett Lewellyn

Executive Coach and Strategy & Transformation Advisor

Brett's Expertise

- Business transformation
- Business strategy
- Leadership & executive coaching

Brett works with business leaders across the GCC and in the UK to reshape their strategies, improve their leadership skills and lead change in their organisations. He is a key advisor to The Advisory Board in the UAE, which helps SME leaders to grow their businesses and is himself a Board Director in Ireland and the USA.

An accountant by training, Brett has advised and worked in some of Australia and the UK's fastest growing, most commercially successful businesses. As an advisor with years of experience 'on the other side of the desk' in executive director roles, he understands what works in practice not just in theory.

His focus has been on structuring businesses for success and driving operational and cultural change. He prides himself on his ability to identify the core issues and opportunities amidst the "noise" and providing clear, practical solutions and direction. He has been instrumental in the transformation of several notable growing organisations.

His background might be numbers but getting people working together for a shared goal is his passion.
